

Username and Passwords

MyChart is an online tool that offers you personalized and secure access to portions of your medical records. It enables you to securely use the Internet to help manage and receive information about your health. MyChart is available on the internet using our website version and also available on mobile devices by downloading the MyChart Mobile app. Both versions are free and available to all of our patients.

Your MyChart account is secure which means your health information is safe and protected. Authorization of your account is verified as a part of our activation process and all MyChart users log in to their account using a unique username and password.

When setting up a MyChart account, all users chose both their own username and password. These credentials are then used to gain access each time you log in to your account.

How do I choose a MyChart username and password?

Your **username** must:

- be between 5 and 24 characters
- contain only letters and numbers (no symbols)

Once selected, your username **cannot be changed**.

Your **password** must:

- be at least 8 characters
- contain one uppercase letter
- one lowercase letter
- one number
- one special character (examples: *@#!)
- be different than your username

To maintain a secure account, please do not share your username and password.

What if I forgot or want to reset my MyChart username?

A screenshot of the MyChart login interface. It features a text input field for 'MyChart Username', a text input field for 'Password', and a green 'Sign in' button. Below the 'Sign in' button, there are two links: 'Forgot username?' (highlighted with a red box) and 'Forgot password?'.

If you do not remember your username, locate and click on the **Forgot Username?** link.

Complete the information and click the submit button. If you

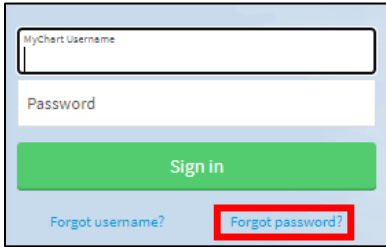

have a valid email address on file with us, you will receive your username information in your email.

It is not possible to reset your username.

A screenshot of the 'Recover Your MyChart Username' page. The page is titled 'MyChart Powered by CentraCare'. Below the title, it says 'Recover Your MyChart Username' and 'Please verify your personal information.' There are input fields for 'First name', 'Last name', 'Date of birth' (with a dropdown for month, a dropdown for day, and a text field for year), and 'ZIP code'. A green 'Submit' button is at the bottom. On the right side, there is a yellow box with text: 'If you do not remember any of this information, or you do not have a valid e-mail address on file, you will have to contact your MyChart help desk at (320) 240-7897 between 8AM and 4:00PM Monday-Friday to help you regain access to your MyChart account.' Below this is a blue 'Sign up online' button. At the bottom, there are links for 'Download on the App Store' and 'GET IT ON Google Play', and a footer with 'Interoperability Guide FAQs Privacy Policy Terms and Conditions High Contrast Theme' and 'MyChart by Epic MyChart Powered from Epic Systems Corporation © 1999 - 2022'.

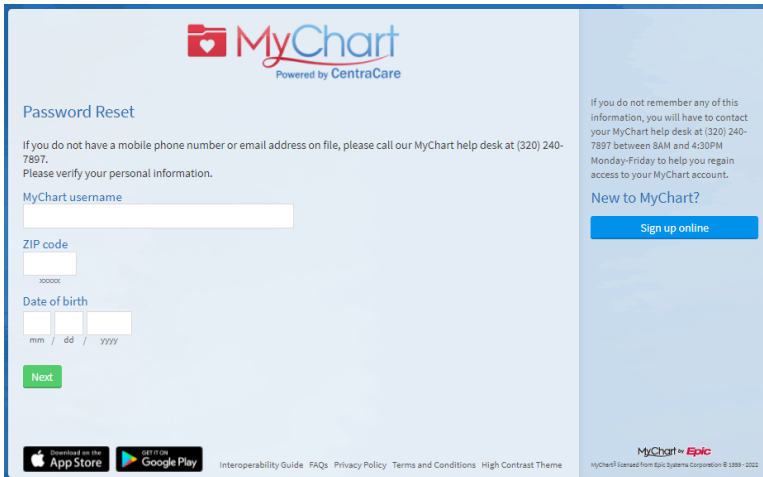

What if I forgot or want to reset my MyChart password?

If you do not remember your password or want to reset it, locate and click on the **Forgot password?** link.
